

PRODUCT BULLETIN

Additional Set Screws in Gauge Bodies

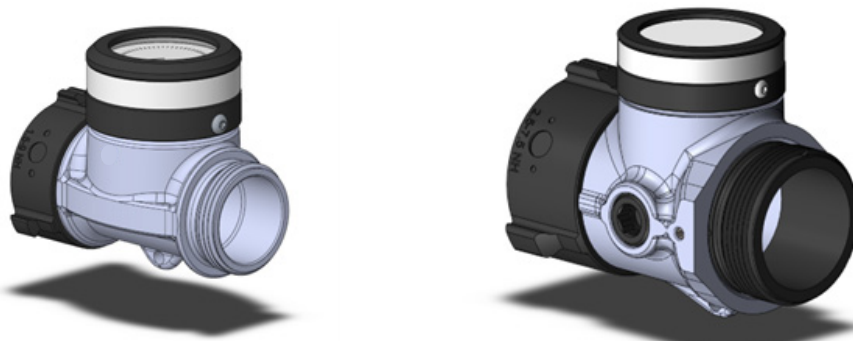

EFFECTIVE IMMEDIATELY

A set screw is added to each side of the In-Line Gauge Body to improve the internal stability of the gauge for longer gauge life. There is no change to function or overall dimensions.

The following TFT products are affected:

J250G-series	2.5" In-Line Gauge
F15G-series	1.5" In-Line Gauge
AVGSC-series	Hi-Rise Valve w/Gauge
